25X1

MEMORANDUM FOR:

SUBJECT: Regulation on Settlement of Accounts

1. Attached is a copy of the regulation in the form which has now been agreed upon by the Shortages and Losses Board and by a representative of DD/I who attended our meeting on Wednesday.

2. The differences between this draft and the one you last saw are indicated in ink. At my suggestion, the plan now is that the Comptroller will forward a copy of the regulation to each component concerned, namely, DD/I, DD/P, Security, Audit, GC and IC requesting formal concurrences. Upon receipt of formal concurrences, the Comptroller will then forward a copy to RCS, together with an indication that the necessary concurrences have been obtained, and request that the regulation be approved and issued.
